## **Building Committee Minutes**

April 18, 2023 – 3:30 pm Location: OnPoint, 3282-122<sup>nd</sup> Street, Allegan, MI 49010

**Board Members**: [X] Gale Dugan [X] Mark DeYoung [X] Beth Johnston [ ] John Weerstra **Staff Members**: [X] Nan Lawrence [X] Erinn Trask [X] Andre Pierre [X] Mark Witte

- 1. **Call to Order** Chairperson Dugan called the meeting to order at 3:32 pm.
- 2. **Review/Approval of Agenda** Reviewed. Moved by Johnston, seconded by Commissioner DeYoung, to approve the agenda as presented. All in favor. Adopted. Agenda approved.
- 3. **Review/Approval of Prior Minutes** Reviewed. Moved by Commissioner DeYoung, seconded by Johnston, to approve the agenda as presented. All in favor. Adopted. Agenda approved.
- 4. **Construction Report** Mark Witte reported on several items of interest including Change Order #15, the fire inspection, and a generator RFP being developed by the county. He also shared the invitation list from yesterday's open house. Chairperson Dugan noted that the County may have the ability to temporarily locate a decommissioned generator from the County's 911/Dispatch facility until our purchased generator is acquired. The County will advise as to its suitability.
- 5. **Financial Report** Erinn Trask reported on financials for the construction project. Pay application #14 of \$678K processed. Fiber optic cable costs are much lower than estimated (\$135K vs. \$300K+). Based on data from our construction spreadsheet financials, we may have about \$175K in MEDC funds available for other decisions. Chairperson Johnston requested a simplified report to the board that shows a simple description of the total costs of the building project by source.
- 6. **Other** Commissioner Dugan asked if there is a scenario in which loan payments would not be available. Erinn does not anticipate this. We are required to have a year's payments in reserves. Kudos on the grand opening.
- 7. Next Meeting Date Tuesday, May 16, 2023 at 3:30 pm.
- 8. **Adjournment** Motion by Johnston, seconded by Commissioner DeYoung, to adjourn the meeting. All in favor. Adopted. Meeting adjourned at 3:59 pm.

## **Administrative Services Board Report May 2023**

Submitted by Andre Pierre, Chief Financial Officer 269.569.3238 – APierre@OnPointAllegan.org

We have officially taken occupancy of the new building on May 5, 2023. There still remains a "punch list" of small building items/projects to be completed. These items are on track to be completed over the next few months. We are processing the fourteenth construction draw totaling \$678,674.56, which will be funded through the United States Department of Agriculture (USDA) loan and Michigan Economic Development Corporation (MEDC) grant. We are reviewing one new change order representing a total amount of \$12,862. The significant cost driver behind this amount was a modification to the HVAC system. We continue to meet with Cornerstone Construction and Schley Nelson Architects to review change orders, requests for information, and project status.

This month's packet includes the monthly financial report for April 2023. This is the sixth month under the agency's new chart of accounts after implementing Standard Cost Allocation. We are required to track staff time and costs at a greater level of detail than in the past, and to change the methodology we use to allocate costs. Overall, this change in methodology has not resulted in a significant change in cost by funding source. The Summary Schedule of Revenues and Expenses by Fund Source shows the difference between the revenue received from the Lakeshore Regional Entity (LRE) and the State of Michigan Department of Health and Human Services (MDHHS) and the eligible expenses incurred by OnPoint. These fund sources are cost settled at the end of each year, and any unspent funds are required to be returned to the LRE or MDHHS. We are projecting to return approximately \$1,228,199 (MH Medicaid and SUD Medicaid combined) to the LRE and carry forward/lapse approximately \$125,782 in General Funds back to MDHHS.

Following the statements are several charts showing the trending of capitation revenue from the LRE for the past three fiscal years. Additionally, there are several charts comparing the revenue and expense by funding category for each month of this fiscal year. Finally, there are key indicators tables showing summary service data for each month of the fiscal year to date.

In April, the auditing firm Roslund, Prestage and Company (RPC) completed the fiscal year 2022 financial audit. They are currently in the middle of completing the Compliance Exam and preparing to begin the Single Audit. We anticipate that both will be completed by the end of June 2023, to meet timely submission. Upon completion a copy of the audit reports will be included in the proceeding month's board packet, with a subsequent presentation of the results to the Board.

I continue to work together with Erinn Trask in the transition of responsibilities. Due to the complex nature of Community Mental Health Service Program (CMHSP) finances and reporting requirements, our collaboration will continue over the next several months, as I progress into the scope of this role. One of the items we are working on together is formulating the discussion and planning for building the agency's budget to successfully pursue CCBHC demonstration. This will require a thoughtful and collaborative approach to bring forward a budget by July 1, 2023, that supports the merits of this endeavor.

Sincerely,

Andre Pierre Chief Financial Officer Tuesday, May 9, 2023

## Deficit Elimination Plan

May 1, 2023

As of September 30, 2022, the current liabilities of \$7,489,983 for Allegan County Community Mental Health Services dba OnPoint exceeded its current assets of \$5,424,427, resulting in a difference of (\$2,065,556). Of this amount, \$256,008 relates to the current portion of long-term debt and therefore should be excluded from a deficit calculation, per Numbered Letter 2016-1, resulting in a net difference of (\$1,809,548). Additionally, the accounts payable balance contained retainage payable of \$310,843 which will be paid in fiscal year 2023 using proceeds from long-term debt. OnPoint believes this should further reduce the amount considered a deficit, for a final difference of (\$1,498,705). This amount is primarily the result of a historical unrestricted deficit net position of (\$427,806) as of September 30, 2021, plus a required local match contribution of \$986,270 for the agency's ongoing building project.

The agency operates as a Community Mental Health Service Provider (CMHSP) in the State of Michigan. As such, it has four main sources of revenue: 1) Capitated Medicaid (including Healthy Michigan Plan) funding, 2) State General Fund revenue, 3) Grant revenues, and 4) Local revenue (including County appropriations and third party billing revenue). By contract, the CMHSP is required to cost settle both Medicaid and State General Fund revenue each year, and therefore is generally unable to use those sources to add to net position. Similarly, the agency has reimbursement based grants where revenue can only be recognized to the extent that grant expenses have been incurred. The agency's construction local match of \$986,270 plus the debt funded construction of \$5,635,000 shall be recognized over the expected useful life of the asset and can be allocated across all funding sources, resulting in an annual increase in cash and unrestricted net position of \$132,425.

The other source the agency can use to build it's unrestricted net position is through the retention of local funding. There are 3 main sources of local revenue for the agency 1) County appropriation revenue, 2) first and third party revenue, and 3) Performance Based Incentive Pool (PBIP) funding. The County funding level is required per section 330.1311 of the Mental Health Code, and remains unchanged from year to year. First and third party revenue is based on the cost of services provided, and is estimated to approximate the cost of services not resulting in any significant change in net position. The Performance Based Incentive Pool (PBIP) revenue from the State of Michigan is earned by the agency meeting quality measures established by the State of Michigan Department of Health and Human Services. By ensuring the quality measures, the agency has control over maximizing this revenue. There are several expenses which are required to be funded using local funding. One is the local match for General Fund services, which fluctuates based on the number of uninsured or underinsured individuals being served. The agency has projected increases in these items, with the ending of the public health emergency in the fiscal year ended September 30, 2023. The agency also is required to make a local match for State Medicaid, which is expected to be eliminated after the fiscal year ended September 30, 2023. The last local only expense the agency has is the cost of care for indivdiuals receiving services in a State facility. The agency does not always have control over these placements (i.e. individuals deemed Not Guilty by Reason of Insanity or NGRI) or the cost of services. The agency is able to retain any unspent local funding sources, as unrestricted net position for future years.

This financial report is for internal use only. It has not been audited, and no assurance is provided.

## **Deficit Elimination Plan**

May 1, 2023

The following is the projected local revenue and expense activity, based on section M of the Financial Status Report (FSR) required for CMHSPs.

	2023	2024	2025

## Summary of Variances and Fluctuations

March 31, 2023

#### I. Assets

- Cash and cash equivalents Significant increase is due to timing of receipts from the Lakeshore Regional Entity (LRE) (see corresponding decrease in due from other governments below), as well as receipt of the second half of the Michigan Economic Development Corporation (MEDC) grant funds (see corresponding increase in unearned revenue below).
- Due from other governments Significant decrease is primarily due to timing of receipts from the Lakeshore Regional Entity (LRE), see corresponding increase in cash and cash equivalents above.
- Capital assets Significant increase is due to ongoing construction work on the agency's new building.

#### II. Liabilities

- Accounts payable Significant decrease is primarily related to the timing of construction payments for the agency's new building.
- Due to other governments Significant increase is due to the accrual of the full fiscal year 2022 settlement balance due to the LRE and State of Michigan, along with the fiscal year 2023 to date settlement balances.
- Unearned revenue Significant increase is primarily related to the receipt of the second \$1.25 million in grant funds from the Michigan Economic Development Corporation (MEDC), see a corresponding increase in cash above. These funds are recorded as unearned revenue until spent at which time the revenue is recognized.
- Notes payable Significant increase is related to draws on the agency's loan from the United States Department
  of Agriculture (USDA) to fund the building construction project. See the corresponding increase in capital assets
  above.

#### III. Operating revenue

 Other reimbursements and revenue - Significant variance is due to increase in third-party billings, as an increasing number of individuals are served under the Certified Community Behavioral Health Clinic (CCBHC) model.

#### IV. Operating expenses

- Salaries and wages and Fringes Significant variance is due to vacant positions for the year to date.
- Supplies and materials Significant variance is due to the nature of these items. This budget line item includes the annual replacement of technology, which only happens one or two times a year, as well as certain supplies related to the move into the new building scheduled for May 2023.
- Contractual services Variance is due in part to utilizing contracted staffing for vacant positions (see corresponding variances in salaries and fringes above), as well as identified enhancements to the agency's electronic health record.

## OnPoint COO BOARD REPORT May 2023

Submitted by: Leanne Kellogg, Chief Operating Officer, MS, BSN, RN, 269-673-6617 ext. 4868 email: lkellogg@onpointallegan.org

## **Chief Operating Officer**

Moving is complete and we are in the new building! Many thanks for our HR team for their dedicated effort throughout this entire project. As we begin to settle into our new space together, we have positioned leadership to be present and rounding on all fronts to be able to problem solve together.

Continued preparation for strategic planning has also been prioritized in the month of April and May. We will sequence internal meetings once staff are settled from the move. We are eager for development of interventions to support the overall goals.

## **CCBHC (Certified Community Behavioral Health Clinic) Grant**

Significant movement has occurred this past month in regard to sustainability options for the programs supported through CCBHC.

We became aware of an opportunity to join Michigan's CCBHC demonstration as part of an initiative to expand the CCBHC sites across the state. The announcement from MDHHS indicated that all CMH's, either as current CCBHC grantees or not, could indicate an intention for demonstration. If interested, OnPoint needed to respond to a survey by 5/5 indicating our intention for application. We submitted this survey on 5/3/23.

We have also begun work for an additional CCBHC SAMHSA grant application under the notice of funding opportunity for CCBHC IA- (Improvement and Advancement) to explore additional infrastructure capacity within administration and clinical areas. The IA grant could support up to \$1,000,000/year for four years to build upon our current CCBHC work. The grant application is due by 5/22.

Ongoing project management efforts have also completed the following:

- Submission of quarterly narrative report inclusive of a variety of data dashboards from IBH Analytics for progress on our overall programmatic goals
- Ongoing Grant Project Officer Meeting
  - Successful May meeting regarding our sustainability efforts, our data tracking reporting the numbers served, reassessment data and our stakeholder dashboard report.

Submitted by: Angel Hopkins RN, BSN, Clinic Practice Manager 269-673-6617 ext. 4877 email: ahopkins@onpointallegan.org

#### **Outpatient Psychiatric Medical Clinic**

Our outpatient psychiatric medical clinic team staff continue to be flexible in our remote working arrangement to accommodate our consumer needs.

The medical clinic continues to strive for high quality of care for our consumers and the community.

Staffing

 Karen Krusinga, NP will be joining the med clinic staff as a full-time provider starting on May 15<sup>th</sup>.

## Psych Services

 Telehealth services are being used, while offering in person appointments also based on individual choice but no longer scheduling audio only appointments.

#### Streamline EMR

Streamline completed our first ever provider training virtually for Dr. Jamison with success.

#### RN Medication Reviews

- Our nursing staff within their triage and scheduled duties are conducting nurse medication reviews more now, fully utilizing their licensure as well as extending our provider capacity. Provider capacity is low with the abundance of new CCBHC individuals seeking psychiatric services.
- Community/Residential Nursing continues to work with the outpatient team for individuals needing nursing services.

#### Pharmacy

 The Medical Clinic and ACT team changed our pharmacy over to Allegan Medical Clinic Pharmacy and it has been a smooth transition.

## **Integrated Health Efforts**

- The Med Office RN continues to teach the health and medications classes for the agency every 3 weeks.
- Juvenile Home visits and assessments are being conducted twice weekly and as needed through June.

Submitted by: Rebecca DeHart-Elkins, Occupational Therapist

## Occupational Therapy

- The OT and COTA continue in-home services weekly to bi-weekly based on consumer need, and we are continuing to adhere to stricter sanitization of equipment to prevent the spread of illness. We will continue to mask as needed and with our medically fragile population throughout this cold and flu season due to the close nature of our job.
- The OT team is working to organize OT equipment in the new building. We are awaiting approval for a large piece of equipment utilizing the sensory room grant to make the space functional as an outpatient treatment option for our consumers.
- The OT team is researching other possibilities for equipment and programming to use in the new space and compiling a list of needed items.
- The OT and COTA are continuing to work through new referrals. We continue to get new referrals regularly.
- The OT continues to assist in trauma-informed parenting classes with members of the children's team as needed and requested.

•	The OT team vectors team in June.	will welcome a new She will be with us	student intern for 12 weeks,	from Western Mand we will have	lichigan Universit another student	y to the this fall.

## OnPoint Substance Use Disorder (SUD) Services May 2023 Board Report

Department Report by Lauren Todaro, MSW, LMSW, CAADC, CCJP-M

SUD Services Manager, 269-249-7288; <a href="mailto:ltodaro@accmhs.org">ltodaro@accmhs.org</a>

## Current OnPoint SUD Services Enrollment as of May 8th, 2023:

Program	Individuals Enrolled*
OnPoint SUD Services	38 (+18.5%)
OnPoint Corrections – SUD Services*	43 (+23.5%)

<sup>\*</sup>Corrections enrollment designates the referral source coming from Allegan County Probation & Parole.

#### **SUD Provider Network:**

In tandem with Amy Kettring, Provider Network Manager, the SUD Provider Network continues to expand to allow for a wider range of provider locations for services not provided within OnPoint.

OnPoint participated in a site visit in late April with a prospective provider in Battle Creek, MI, which would expand current detox/short-term residential availability within Southwest Michigan by 84 SUD treatment residential beds. Ongoing conversations with this provider are occurring, as they begin the process of credentialing with the required agencies to pursue contractual relationships.

# Heath Resources and Services Administration (HRSA) Medication-Assisted Treatment (MAT) Grant:

Recommitment to the submission of the 2022 RCORP-MAT occurred in late February. Currently, there is no announcement date provided by HRSA. This grant would support the renovation of the 540 Jenner Drive MAT Clinic identified space, as well as staffing and material cost support for MAT initiation at OnPoint. For further information, the Notice of Funding Opportunity can be viewed at the following link: https://www.hrsa.gov/grants/find-funding/hrsa-22-165

## **Jail-Based Medication-Assisted Treatment (MAT):**

SUD Services is supporting the implementation of jail-based MAT for inmates within Allegan County Correctional Center (ACCC), with the support of Allegan County Correctional Center staff. Current status is as follows:

- 1) MAT medication trainings are scheduled, so ACCC medical staff are able receive clinical training on administration.
- 2) Policy and procedures for MAT administration are being created within ACCC for medication provision.

Ongoing updates will be provided as this project moves forward. This implementation follows the evidence-based model of MAT in corrections settings, and will be supported by State Opioid Response Grant 3 (SOR 3).

## **Grand Rapids Red Project Mobile Unit:**

The Grand Rapids Red Project Mobile Unit has been successful in implementation in downtown Allegan, located centrally in in the parking lot of River and Cutler. The Mobile Unit is currently under review for location, as a location that provides more privacy would be desired. For more information on the Grand Rapids Red Project Mobile Unit, please review the following website: <a href="https://redproject.org/services/overdose-education/allegan-county/">https://redproject.org/services/overdose-education/allegan-county/</a>

#### Michigan State Police (MSP) Overdose Fatality Review (OFR) Grant:

Overdose Fatality Review (OFR) teams are multidisciplinary teams that review overdose fatalities similar to the Child Death Review model, and includes information about a decedent of overdose within the county which can contribute to the analysis of available data to make recommendations that will prevent future overdose deaths. The Allegan OFR is scheduled to meet May 9<sup>th</sup> and May 31<sup>st</sup>. To request participation or forward the information to a community member who could benefit from membership, please contact <a href="tel:Itodaro@onpointallegan.org">Itodaro@onpointallegan.org</a>

# State Opioid Response (SOR) Grant 3; Treatment Overdose & Education, Naloxone Distribution:

The OnPoint Overdose Response Kit have been created for community and staff distribution, alongside support from the Grand Rapids Red Project for Narcan Administration training. The OnPoint Overdose Response Kit is designed to be an overdose "first-aid kit" to be carried and kept in case of recognition of overdose. The kit contains two nasal-administration doses of Narcan (naloxone), "opioid antagonist" used to counter the effects of opioid overdose, for example a heroin or fentanyl overdose. The kit also contains a disposable CPR face shield, non-latex gloves, fentanyl test strips, informational cards for post-administration, and contact cards for further aftercare. The OnPoint goal for distribution is approximately 500 kits within the community and staff. As of May 8th, 104 kits have been distributed to OnPoint clients, staff, or within our partners and community. Please contact Lauren at Itodaro@onpointallegan.org or (260)249-7288 if you are interested in obtaining an OnPoint Overdose Response Kit.

# **SUD Services: Prevention Services**

Program Report Submitted by Heidi Denton, MSW, CPS-M SUD Prevention Supervisor, hdenton@onpointallegan.org

#### Allegan County Substance Abuse Prevention Coalition (ASAP):

The next virtual ASAP meeting will be May 25<sup>th</sup> from 8:30-10am.

#### Prime for Life:

Adult: Next class is scheduled for May.

**Youth**: 10 youth completed the class in April from 4 middle and high schools. We continue to see an increase in youth using vape products containing THC in schools- this has been the majority of our referrals.

#### **Suicide Prevention Coalition:**

No report this month.

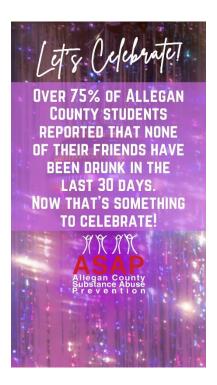

Covid funds: No update this month.

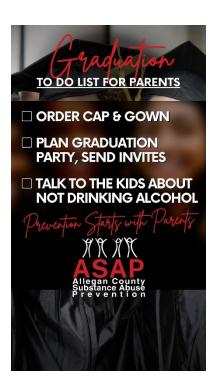

**LARA funds:** Media campaign focused on locking up marijuana is in process for this summer/fall. Locked bags will be shipped to all the dispensaries in the county this summer to promote safe storage of marijuana.

**Stop act funds:** ASAP's Underage drinking Prom Snapchat Ad served 29,324 Impressions to Allegan County High School Students and Parents (so far).

354 Students and 45 Parents swiped up to go to Talksooner.org (395 Swipe Ups total).

Here's two examples from the campaign:

#### PAL's and Pride:

PALs is getting ready to wind down for the school year. Saugatuck is finishing the second trimester of training to wrap up this year's instruction in all 5 schools which include Allegan, Hopkins, Plainwell, Saugatuck, and Wayland. Each school has students active in classroom placements. The PRIDE program in Wayland is wrapping up groups at the 5<sup>th</sup> and 6<sup>th</sup> grade levels in mid May. Each school has also completed selection for school year 2023-24 PALs classes.

To highlight one school's activities, Wayland High School's PALs program was identified by administration and staff as very helpful in their support of the counselor's crisis response efforts in coping with the loss of a student this past spring. They helped find students in need and bring them to the media center where they provided listening and support to students in partnership with counselors and social workers from the district. As a result of this tragedy, PALs mobilized to increase positive messaging to students, promotion of coping strategies, information about grief, the 988 number, and the availability of PALs as a listening resource. As a result of their

efforts, we have seen a significant increase in the number of students requesting PALs sessions with Wayland PALs and high satisfaction has been noted by students in evaluations. They have also partnered with the Student Council and the SADD group to promote "Wellness Week" May 8-17 (through senior's last day) and includes several activities aimed to increase coping skills, interpersonal connection, and a positive social environment. They are also introducing and rolling out "Clayful", which is a student app for personal coaching.

#### **Mental Health First Aid:**

The collaboration with Perrigo and their health and safety team to train in mental health first aid to employees started with an in-person training this month, as well as a conversation and refresher for those who were trained last year. We have another in person training scheduled for May, as well as 5 dates in the fall.

# **SUD Services: Treatment Services**

Program Report Submitted by Brooke Hickman, LMSW-C, CAADC, DP-CCS, JD SUD Program Supervisor, 269-512-2594; bhickman@onpointallegan.org

#### **SUD Services Internal Staff Credentialing:**

The SUD Program Supervisor has confirmed the following MCBAP (Michigan Certification Board of Addiction Professionals) CAADC (Certified Advanced Alcohol and Drug Counselor) staff within the agency, achieving a CCBHC goal of having 8 CAADC's or CAADC DP's (Development Plan) staff within the agency.

Full CAADC in Clinical Direct-Care Role: 1 staff

Full CAADC in Agency-Total: 3 staff

CAADC Development Plan Approved: 22 staff CADC Development Plan Approved: 1 staff

Total: 27 staff

#### **SUD Services Internal Program Development:**

Since our last Board Report, the SUD Treatment team is proud to announce that two new staff have joined our team. Last month, we welcomed Denise Hall as our new SUD Clinician and Nichole Troutman as our new Certified Peer Recovery Coach. We are excited and glad that they have joined our team.

The number of clients who we are providing SUD services continues to grow. These clients are self-referred, as well as referred by MDOC. The SUD Services Department is continuing to build our relationship and referral base with Allegan County Probation and Parole Department.

The OnPoint SUD Intensive Outpatient Program (IOP) provides ASAM Level 2.1 Services to Allegan County. The IOP runs three times weekly for 3 hours each group over 10 weeks. Additionally, each participant is engaged in SUD individual therapy. This is being achieved through the combined efforts of the OnPoint Outpatient Clinic and OnPoint SUD Services Department. ASAM (American Society of Addiction Medicine) CONTINUUM Assessments are

being completed by Integrated Health Teams and Access/Crisis staff to evaluate level of care and treatment recommendations.

## State Opioid Response (SOR) Grant 3; Peer Outreach & Linkage:

The SUD Peer Recovery Coach has 8 clients on her caseload, who were referred by Outpatient clinicians. The SUD Program Supervisor is providing the SUD Peer Recovery Coach with additional training and support, in preparation for her to begin to work with individuals who have been authorized for SUD Higher Levels of Care (detoxification and residential treatment) and who have been wait listed due to bed availability.

With this new service, the SUD Peer Recovery Coach will focus on engagement and support of these individuals with the goal of increasing the number of individuals who are admitted to the authorized SUD Higher Level of Care. Additionally, the Peer Recovery Coach will continue to engage with these individuals while they are in residential treatment and up through their second aftercare appointment. Further, the SUD Program Supervisor has collaborated with the Housing Supervisor, and the GBHI Peer Recovery Coach will be joining SUD Services for 6-8 hours weekly to offer these services to individuals who prefer to work with a female Peer Recovery Coach. We are excited to begin this new and important service!

#### **Assertive Community Treatment**

The ACT team is working hard and adjusting to new supervision and ACT Team members. This transition is going smoothly, and a positive work environment is being formed. April has been a busy month for the team with decluttering the ACT room and preparing for the move to the new building. Currently, there are 36 active consumers on the ACT team. Out of the 36, eight have been within the last three months, one being within the last week. There has been an uptick of persons entering and leaving the criminal justice and hospital systems.

We are glad to report that one ACT consumer was able to obtain housing this month, and one other is being assisted with finding AFC homes. This process is hindered by their financial status. However, we have had success with one AFC home agreeing to work with an ACT consumer while SSI is being worked through and finalized. The SSI process is being actively worked through with several ACT consumers. We continue to work towards client goals, which often include acquiring appropriate and independent housing.

Allegan County Transportation packets have been submitted for most ACT consumers, to enable them to come into On Point for some of their contacts, and for medical appointments. This process is difficult for some of them to manage. The ACT Team will work with the consumers until they are comfortable with riding public transportation.

Respectfully submitted,

Shandra Stewart, LLMSW

# Melissa Potvin MA, LPC - Manager of High Intensity Services

#### Access

There were 157 inquiries/requests for services for the month of April. 133 assessments were scheduled in April, 89 were completed and 44 were either cancellations or no shows. 36 assessments were referred to adult mental health services, 23 were referred to children's mental health services, 4 were referred to adult I/DD services, 9 to the Autism Benefit Waiver, and 14 were referred to SUD outpatient/IOP services. 2 assessments were completed for the Children's Waiver Program (CWP) and neither were qualified for the waiver at this time.

#### **Mental Health Treatment Court**

There are currently four people in Phase One and 3 people in Phase Two. We had no new cases in the month and two people pending who are scheduled for a MHTC assessment. One person was discharged after they were picked up on a warrant issued about 6 months ago.

#### Crisis

For the month of April, the Crisis team performed formal prescreen evaluations for 39 individuals with a breakdown of 70% adult screenings and 30% for minors. The number of crisis walk in appointments has been increasing steadily with the start of warmer weather so more crisis situations are being processed without the need for higher level of care screenings. Approximately 33% of those screened were able to be safety planned home with further follow up as appropriate and 67% were placed in a form of a higher level of care including crisis residential, partial hospitalization or inpatient.

# May, 2023 Customer Services Status Report (Report covers time period: March, April, May)

Submitted by Cathy Potter 269-686-5124 or 877-608-3568 Email: customerservices@onpointallegan.org

During this quarter Customer Service met with 5 new hires. All orientations were held in person. Customer service-related items were discussed:

- Three in March (SUD Clinician, Secretary, Peer Recovery Coach)
- None in April
- Two scheduled in May (Nurse Practitioner, SUD Clinician)

Customer Service spent most of this quarter preparing for the move into the new building. Customer Service attended the Exit Interview hosted by CARF auditors in March. The two sections assigned to customer service (Section 1.D. Input for Client & Stakeholders and 1.K Rights of Persons Served) received no recommendations.

# **Community Outreach/Trainings**

Customer Service attended two informational training courses offered by OnPoint this quarter. The first one was called Marijuana update with Ken Stecker, Traffic Safety Resource Prosecutor and the other one was called Military Cultural Competence and Suicide Prevention. Both training courses were held in March.

#### **LRE Customer Service ROAT**

CMHSP's Customer Services and LRE staff continue to meet monthly to discuss customer service-related items. 2<sup>nd</sup> quarter grievance data was submitted to the LRE in a timely fashion. Customer Service participated in the survey workgroup which met multiple times during this quarter. A regional satisfaction survey has been updated and is ready for distribution. LRE is recommending all CMH's distribute the survey during the months of May and June. Customer Service is collaborating with Quality Improvement staff regarding implementing the survey to all OnPoint customers.

LRE completed 2<sup>nd</sup> quarter audits relating to grievances and adverse benefit determination notices. Customer Service will continue to participate in these quarterly audits along with the Director of Quality Innovation and Compliance to assure recommendations provided will be shared with clinical staff as needed. LRE continues to discuss the grievance process with each CMH to assure concerns are being recorded properly using required templates.

During this quarter, LRE requested that each CMH monitor all customer service-related phone calls. Customer Service has begun entering this data on an excel spreadsheet effective May 1st.

# Statewide Customer Service Workgroup

There was one Statewide Customer Service Workgroup teleconference meeting held during this quarter on April 19, 2023. Continued discussion occurred regarding grievance and appeal language and processes. The group reviewed the draft version of the PIHP master contract and provided feedback to MDHHS regarding grievances and appeals.

# **CAP (Community Advisory Panel)**

There was one CAP meeting held this quarter in March and the next meeting is scheduled for June 8<sup>th</sup>. The group received regional updates from the LRE such as the agency newsletter, updated website, CAP membership, LRE staff update, strategic planning, and legislative bills.

# **COAP (Community Opportunity Advisory Panel)**

During the March meeting, COAP members had the honors of meeting Mari Hesselink, who is the LRE's Customer Service Specialist. Mari provided the attached Community Advisory Panel (CAP) brochure and gave information on what this group does. All COAP members were interested in participating in this group and completed an application during the meeting. All applications have been submitted to the LRE for review. It was exciting to see a spark of interest in this group. Next meeting is scheduled May 26<sup>th</sup> and will be held in the new building.

- **4. Review/Approval of Minutes of Prior Meeting** Motion by Kelsey to approve agenda as amended. Supported by Commissioner DeYoung. All in favor. Motion approved.
- **5. Compliance Update** Nothing requested by Ms. Padget today.
- 6. Updates on Prior Meeting Topics
  - a. Building Updates Witte provided a construction update provided by Witte. Reviewed list of Open House invitees, details of building change order #15, recent fire inspection report, generator RFP as drafted by the county, and the building punch list. Commissioner Dugan asked if we might be able to use a usable generator that is being replaced by the County. Witte replied that since the County staff have taken the lead in defining our generator needs and the RFP to procure it, they may also be in the best position to determine the answer to that question. Inquiry will be made.
  - b. Director Evaluation (Dugan) Nearing completion; final comments being relayed.

#### 7. Executive Director Items (Witte)

- a. Board Meeting Packet Review/Opportunity for Clarifications Handout
- b. Review "Key Board Tasks by Month" Witte noted a shift in the Compliance training to May per the request of Ms. Padget. Other changes placed the election of officers to the March meeting where it occurred this year, allowing it to definitely precede April's start of terms.
- c. Board member application Witte reported that an application for board membership has been received from Jessica Casteneda of Dorr. It is being processed as usual through the County Commission. Witte has connected by email with Ms. Castaneda.

#### 8. Discussion Items Requested by Members

- a. Nominations Chairperson Dugan discussed changes he anticipates making to committee membership at Tuesday's board meeting.
- b. LRE update Court of Claims (Judge Shapiro) ruled in favor of LRE in response to its request for summary judgment. LRE board will likely determine path forward in settlements with LRE members. Concerns expressed for parity of services across all counties within the LRE.
- c. CMHA Board meeting Chairperson Dugan briefly summarized the proceedings of this week's CMHA Executive Board meeting.

#### 9. Next Meeting Date/Time

- a. Proposed: Friday, May 12, 2023 at 2:30 pm at 540 Jenner Drive, Allegan, MI 49010

Stephanie VanDerKooi gave an update on the LRE and was available for questions.

# 12. OnPoint Executive Director's Report

Mr. Witte reviewed his report and was available for questions.

#### 13. Provision for Public Comment

Andy Bright, Otsego, Horizon Circle of Friends, Peer Support Specialist. Has formed a support group at Horizon. Budget cuts kept him from peer roll. Would like to see a drop in center.

#### 14. Board Member Comments

Ms. Klay asks Mr. Bright about his funding for peer support. Previously he was paid by self-directed services and hired by family members.

Ms. Johnston thanks Mr. Bright for his comments on what the county has lost in services from the past.

Commissioner DeYoung reminds the board to review the CMHA weekly newsletter and that Board Works are available online for all board members.

Commissioner Dugan shares that the state has its challenges of keeping mental health at the forefront. He thanks the county for the lease of the buildings during the previous years.

#### 15. Motion to Adjourn:

Moved: Ms. Johnston Supported: Ms. Klay

Motion carried.

Meeting adjourned at 6:43 pm.

Respectfully submitted,

Brenda Holquist Executive Assistant Gale Dugan Board Chair

# 1. Agency

**Building** – We're home! From our open house and ribbon cutting the day before our last board meeting in April to our agency's pickup and move into the new space on May 5, it's been a whirlwind of a month! It's so good to have these milestones behind us so we can concentrate on settling into the new space and meeting the needs of our community from an excellent location.

The final building sign has now been installed, and our May board committees and meeting will happen in the new space. We're excited to offer the opportunity for you and members of the public to join us there on May 16.

#### 2. Board

**CMHA BoardWorks Training** – Board members have always been encouraged to take the series of board member trainings offered by the Community Mental Health Association (CMHA) of Michigan. Now, those trainings are all available online from the CMHA website. To simplify access for our board members, we have located a link on the lower right corner of the board page on our website: <a href="https://onpointallegan.org/board-packets/">https://onpointallegan.org/board-packets/</a>. This is the link to the CMHA page if you would like to access it directly: <a href="https://cmham.org/education-events/boardworks/">https://cmham.org/education-events/boardworks/</a>.

**Strategic Plan –** We continue in a brief pause status relative to our plan. We will resume work on this in the next month or so.

# 3. Community

**Community Health Improvement Plan (CHIP)** – The first meetings of the various workgroups of the CHIP have begun to meet. Workgroups exist for (a) Access to Medical Care, (b) Food Security, (c) Housing, and (d) Behavioral Health.

# 4. Region

**Lakeshore Regional Entity (LRE)** – With the judgment in favor of the LRE, our regional attention turns to the matter of how the LRE will settle its prior year obligations to its members. Uncertainties involving current financials and the prospect of declining revenues as Medicaid enrollments normalize create a scenario for careful settlement actions.

#### 5. State

Certified Community Behavioral Health Clinic (CCBHC) – The most significant information for board members this month is an unexpected announcement/invitation by MDHHS. Last month I noted that the state had the option to expand the number of sites in its CCBHC demonstration, and that it was hedging its plans on the outcome of the state's budget activities. We have since received notice that all CMH's and current non-CMH CCBHC grantees have the opportunity to join the demonstration! That was certainly unexpected, but very welcome.

We are now on a very tight timeline to submit a notice of intent (already done) as well as prepare certain documents that will set the stage for our eventual certification and inclusion in the demonstration. We are simultaneously applying for the SAMHSA CCBHC "IA" (Implementation and Advancement) grant about which I wrote last month. The IA grant is

intended to follow our current CCBHC-E (Expansion) grant and offers up to \$1,000,000/year x four years to continue our CCBHC work. The chief opportunity (and risk) in joining the state demonstration project is to prepare for significant change in funding mechanisms. The demonstration agencies get additional revenue through a Prospective Payment System (PPS) that helps cover a substantial portion the costs of expanding services to a community beyond those who are eligible for Medicaid. We are also eligible to continue to access the unexpended portion of our CCBHC-E grant that may remain after the 2-year award period ends on 8/30/2023 (the "no cost extension" option discussed last month).

All in all, this is a very significant time of development and foundation for the system of services that OnPoint will be able to offer in Allegan County for many years to come. What a great time to be a part of the development of this system of care!

Sincerely,

Mark Witte May 8, 2023
