

# CCBHC PROGRAM UPDATE

## NOMs Data Collection

June 2024 Vol. 1 Issue 10

### National Outcome Measures (NOMs)

In alignment with the Government Performance Results and Modernization Act (GPRA) of 2010, SAMHSA CCBHC grantees are required to collect National Outcome Measure (NOMs) client-level data at intake, at a 6 month follow-up, and at program discharge. Beginning in FY2023, in an effort to reduce the NOMs administrative burden and to obtain data reflective of the broader CCBHC population, SAMHSA now requires the NOMs for a random sample of OnPoint's CCBHC clients. Through the CCBHC-IA program, we strive to collect NOMs data on 210 individuals in grant year one and 390 individuals within the four-year grant period.
