

CCBHC PROGRAM UPDATE

NOMs Outcomes

February 2025 Vol. 2 Issue 5

CCBHC Program Outcomes

As a SAMHSA CCBHC grantee, we are required to collect National Outcome Measures (NOMs) data to assess client functioning at intake, six-month follow-up, and discharge across key domains, including mental health symptoms, overall functioning, social connectedness, housing stability, education and employment, and criminal justice involvement. By analyzing NOMs data, organizations can evaluate service effectiveness, identify trends, and improve care delivery to enhance client outcomes.

NOMS Reassessment Rate

SAMHSA Target: 80%

Program Rate: 81.0%

Adult Reassessment

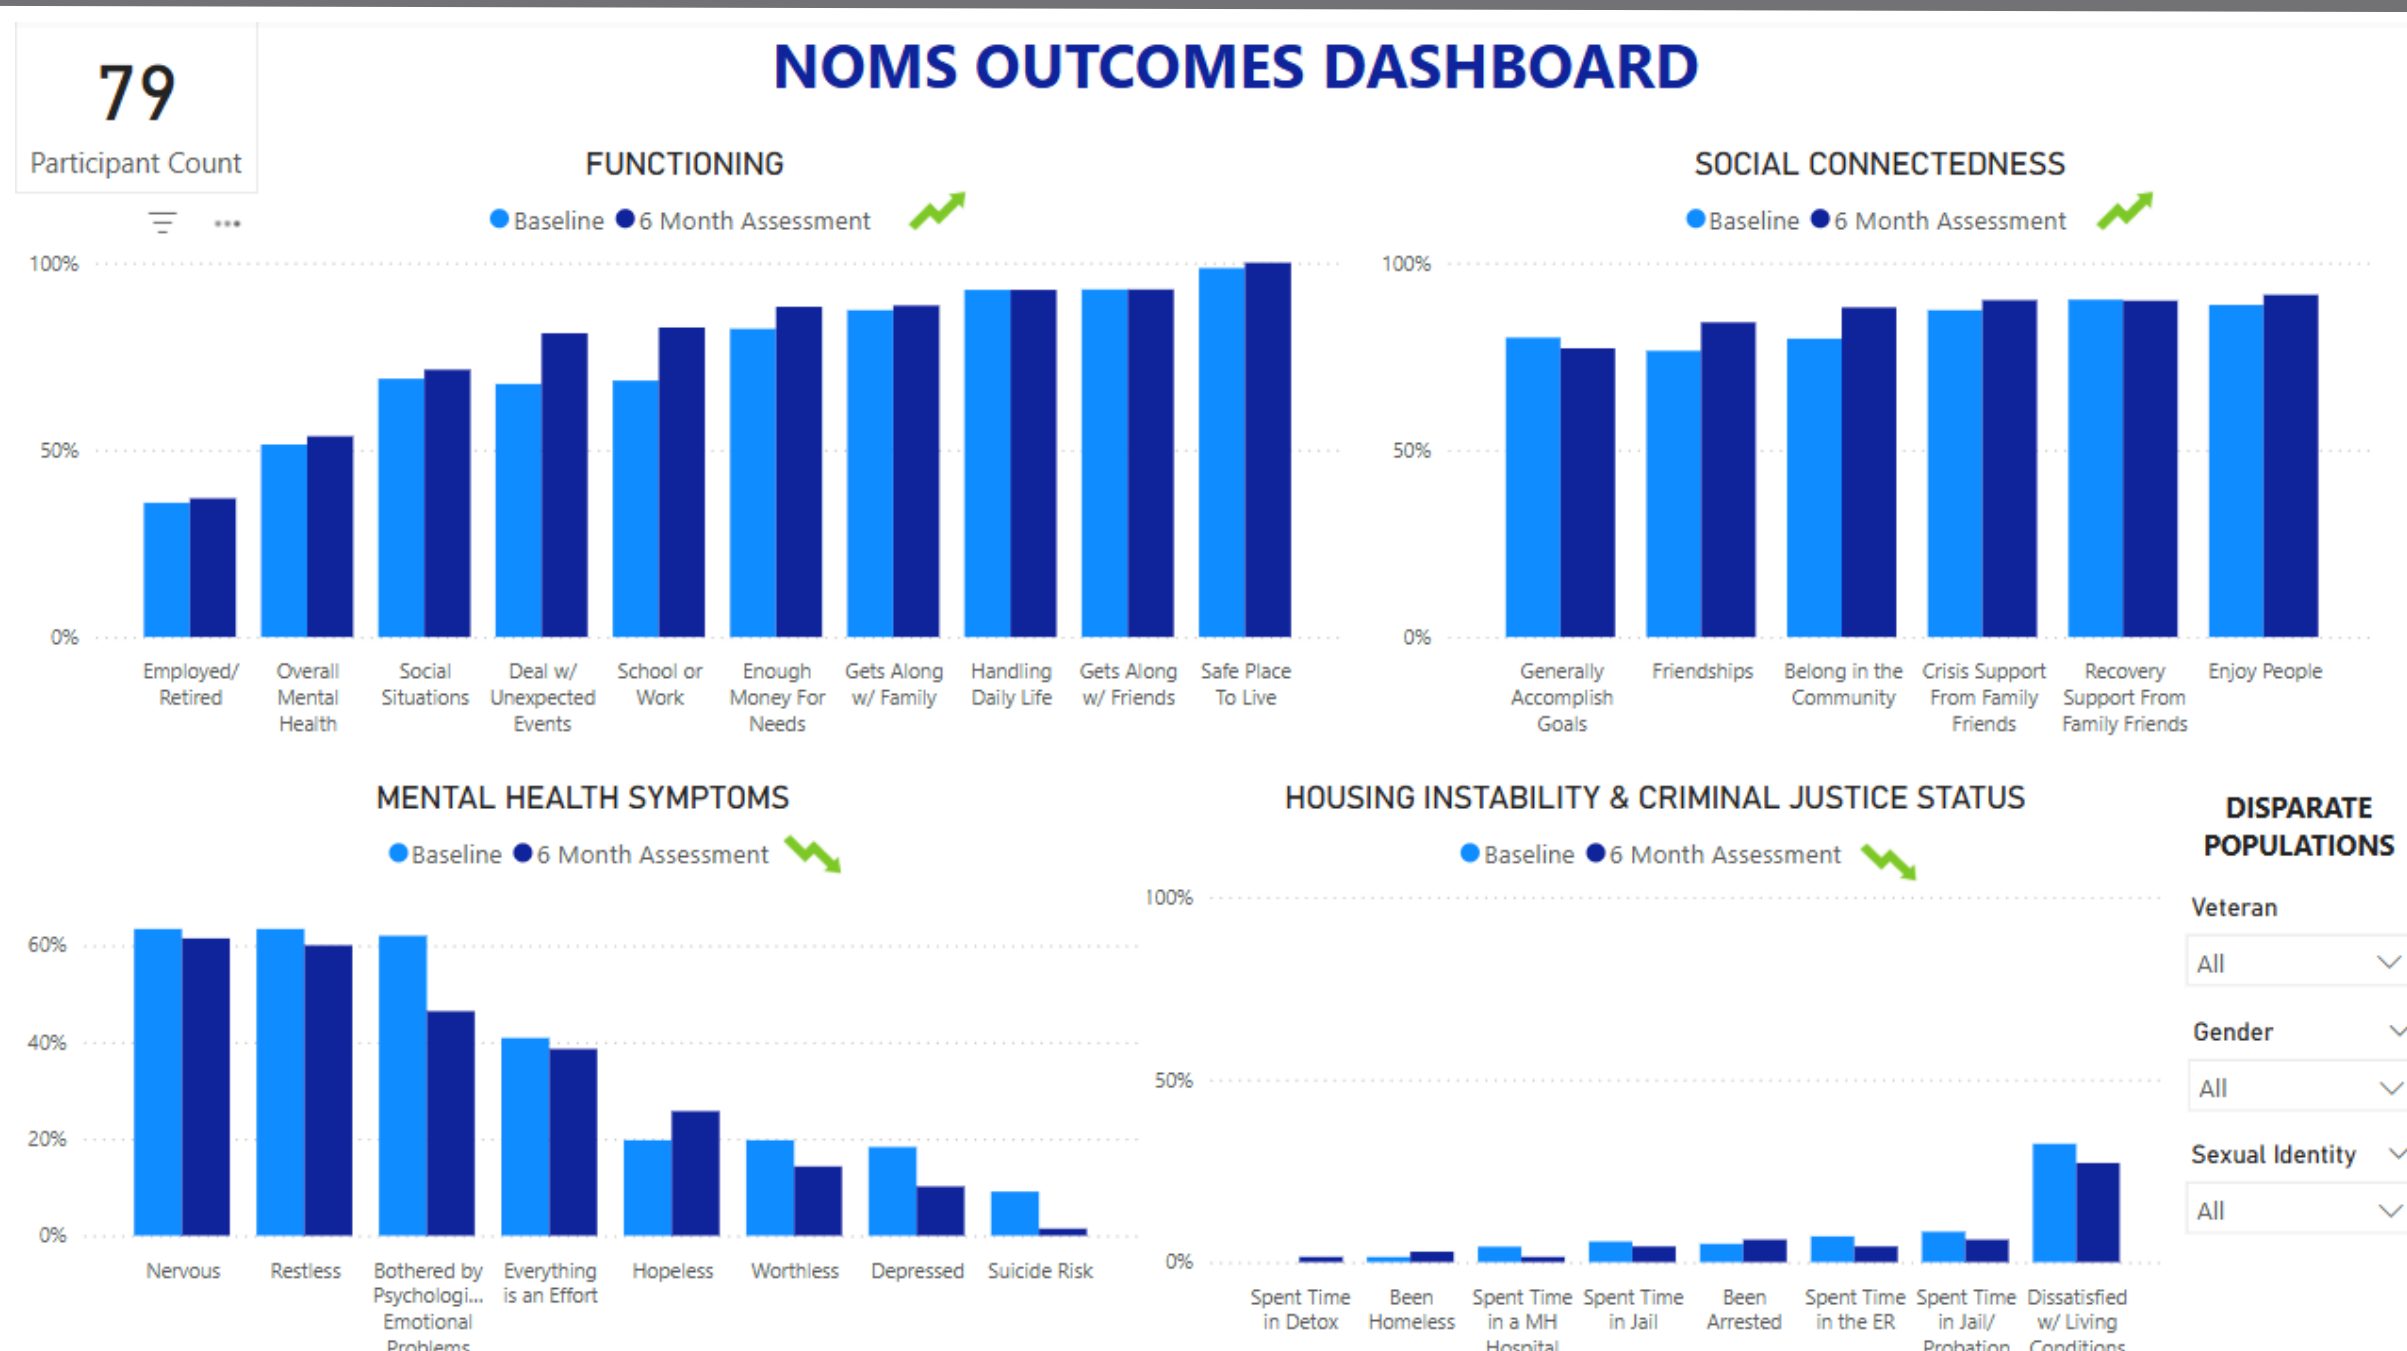

Rate = 81.5%

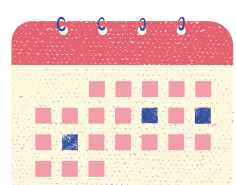

Child Reassessment

Rate = 78.9%
